Planning a Narrative Sequence of Events

Focus and write the events happen to the character(s). Write as much as you can.

First…

- Where are the character(s)?
- What are the character(s) doing?
- What are the character(s) thinking?
- How do the character act and react to each other?

But then…

- What changes?
    - Actions
    - Reaction
    - Thoughts
    - Setting
- What problem or conflict does the change create?

Finally…

- How is the problem or conflict solved?
- What roles do the characters play in the resolution?
- How are the characters different?
